

VLAD FILON

EXPERIENCE DESIGNER

Dublin, Ireland | filon.design.ux@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFILE

My work covers research, product discovery, interaction design, and interface design, with a strong focus on connecting user needs, business goals, and implementation constraints. My approach combines three perspectives: entrepreneurship (co-founder experience and MBA), human-computer interaction (ongoing MSc), and multidisciplinary design across UX, product, and visual communication. I also bring practical front-end knowledge into the process, helping turn design decisions into realistic, implementable solutions.

AREAS OF EXPERTISE

Product Design | UX Research & Product Discovery | Interaction & Interface Design

Web Design | Brand Identity | AI-Assisted Front-End Coding

PROFESSIONAL EXPERIENCE

UX & Product Designer | Independent

Nov 2024 - Present

- Design web and mobile products across SaaS, CRM, service platforms, and digital experiences
- Work with startups and early-stage product teams, contributing to product discovery, requirements definition, scope, feature prioritisation, and early product decisions
- Conduct user and market research, usability evaluation, and iterative testing to support product decisions
- Translate complex requirements into clear user flows, responsive interfaces, reusable UI patterns, and functional prototypes
- Use AI-assisted front-end coding to move selected concepts beyond design files into functional prototypes, responsive websites, and applications
- Collaborate with founders, product stakeholders, and developers, balancing user needs, business priorities, and implementation constraints

UX/UI Designer | VixDev Studio

Apr 2025 - Mar 2026

- Designed dashboards, complex workflows, and responsive interfaces for SaaS products and web applications
- Conducted market and user research to support product and UX decisions
- Worked with healthcare-related requirements, usability, accessibility, and complex information structures
- Collaborated with product and development teams to align user needs, business requirements, and implementation constraints

PROFESSIONAL EXPERIENCE

Co-Founder & Chief Brand Officer | My Eco Pharmacy Apr 2018 - Sep 2023

- Co-founded and helped build My Eco Pharmacy from the ground up as a customer-focused, environmentally responsible pharmacy business with social and volunteering programmes embedded in its model
- Contributed to product and service development, shaping new initiatives around customer needs, business goals, and market opportunities
- Led digital and IT initiatives, working with internal teams and external specialists on websites, digital services, and user experience improvements
- Connected brand strategy with physical and digital touchpoints, including retail environments, communication, service standards, and online interactions
- Coordinated cross-functional work across marketing, design, operations, and IT while supporting the growth of the pharmacy network
- Helped maintain consistent service and brand principles as the business expanded across multiple locations

Marketing & Social Media Manager | My Pharmacy Dec 2016 - Sep 2019

- Planned and executed digital marketing campaigns, increasing brand awareness and audience engagement
- Managed social media strategy, content creation, and community growth across multiple platforms
- Led promotional and seasonal campaigns, coordinating designers and copywriters
- Conducted competitor and audience research to support marketing decisions and local launch campaigns

Graphic Designer | My Pharmacy Jun 2014 - Oct 2017

- Created visual materials across digital, print, and retail environments
- Designed advertising, promotional, and point-of-sale materials
- Worked with marketing and retail teams to maintain consistent visual communication

EDUCATION

Master of Science in Computer Science - Human-Computer Interaction & Design | Woolf Inc. Nov 2024 - Nov 2026

Master of Business Administration (MBA) | International Business Institute Sep 2018 - Feb 2020

PROFESSIONAL DEVELOPMENT

UX/UI Design | GoIT Academy May 2024 - Nov 2024
